

ECHOPET by VETERINARY HEART INSTITUTE

Experienced and standardized echocardiography service in the comfort of your clinic reviewed by the cardiologists at the Veterinary Heart Institute, providing you a personalized evaluation of your patients.

Information About Our Services

Schedule the patient by filling the form online, our echocardiographers will come to you and obtain the studies and diagnostics. The studies will be sent through our server for review. The ECHO report is available within 24 hours, unless you select the stat option.

Add the diagnostics you would like to get reviewed.

See the total and pay with our secure payment method.

ADDITIONAL BENEFITS/UNIQUE FEATURES TO THE SERVICE

1. The client will have easy access to our cardiology service in the event a full cardiology consultation is needed (complex congenital condition, hard to control patient in congestive heart failure etc). Discounts are available to these clients: the consultation fee with the cardiologist (\$200) is waived (diagnostics regular price).
2. Though our reports are in English, we offer consultations with your clients in English, Spanish, Italian. We have readily available Portuguese and French simultaneous translators available.
